PHILIP B. DREISBACH, M.D.
Diplomate American Board
of Internal Medicine and
Medical Oncology

To Whom It May Concern:

Approximately ten months ago we contracted with Green Towne, Inc. to be our general contractor to undertake construction of a new medical office building.

AMY LAW, M.D.
Diplomate American Board
of Internal Medicine and
Medical Oncology

The construction of our 14,000 sq. ft. cancer and hematology treatment center included highly specialized areas of construction, including our lab and pharmacy which required meeting highly specialized healthcare industry construction standards.

DAVID E. YOUNG, M.D.
Diplomate American Board
of Internal Medicine and
Medical Oncology

Mr. Mike Green, owner of Green Towne, Inc. was required to meet a very aggressive timeline and budget while maintaining best-of-class construction standards. Both of which he and Green Towne, Inc. expertly accomplished.

MARK G. CARMICHAEL, M.D.
Diplomate American Board
of Internal Medicine, Hematology
and Medical Oncology

Mr. Green's leadership throughout the entire design and construction process were exemplary. He was extremely engaged throughout the project to the extent that I always felt our project was his only project. Even though I knew Green Towne, Inc. was simultaneously engaged in multiple projects.

SHERI WYSOCKI, FNP-C
ANETTE P. MCGOWAN, FNP-C

He maintained a very consultative and engaged methodology throughout the engagement as we navigated through the design, permitting and construction phases which required effectively interfacing at many levels of a multitude of public and private organizations.

Mr. Green's leadership is always anchored by honesty, integrity and engagement at a level I have never had the pleasure of working with in my 26+ years of healthcare management, including a multitude of construction and renovation projects.

I fully endorse Mr. Mike Green and Green Towne, Inc. without hesitation.

Please contact me if you have any questions.

Sincerely,

Dennis Quagliani
Administrator
